CODEL SKLINE. Mr. Allan Blair Kline, former president of the American Farm Bureau, has been designated by the Senate Special Committee studying the Mutual Security Program to make the survey in Yugoslavia to which Mr. Randolph W. Hearst, Jr. (CA-3774) was originally assigned (this survey is comparable to the one made by Mr. Hearst in Germany and Mr. Caffery in Spain). Mr. Kline will be accompanied by Mr. Arthur Kuhl, the member of the staff of the Special Committee who is coordinating the reports made by the various traveling consultants.

Mr. Kline and Mr. Kuhl will leave New York on February 25 and arrive in Belgrade on February 27. They plan to stay until approximately March 9. They then plan brief visits to Bonn and Madrid. Mr. Kline may wish to have Embassy briefings, particularly on the use of PL 480—in which he is especially interested.

Mr. Kline and Embassy Belgrade have been requested to advise Embassy Bonn and Madrid of Mr. Kline's onward travel plans from Belgrade as soon as they are known.

Both Mr. Kline and Mr. Kuhl are authorized to utilize local currencies (19FT561). Both have top security clearances. The Handbook for Congressional Travel applies. Meet, assist, make hotel reservations, and appoint control officers. Inform the Department and onward posts of their onward travel plans and changes in their itinerary.
